SUMMARY

Frontend Developer and Graphic Designer with practical experience in building user-friendly and responsive websites using HTML, CSS, JavaScript, Bootstrap, React.js and Tailwind CSS, with basic knowledge of Next.js. Comfortable using Git and GitHub for version control and deploying projects live, and use AI tools like ChatGPT, Gemini and Claude to speed up development and solve problems faster. Skilled in creating modern UI designs and graphic assets using Adobe Photoshop, Adobe Illustrator, CorelDRAW, InDesign, Lightroom and Canva. Passionate about delivering clean, creative and responsive digital solutions while continuously learning and improving skills in modern technologies.
